1.0 Context:

Coforge Limited's (hereinafter referred to as the “**Company**”) Code (*as defined below*) requires Directors, officers and Staff Members (*as defined below*) to observe high standards of business and personal ethics in conduct of their duties and responsibilities. As Staff Members/Directors/officers and representatives of the Company, they must practice honesty and integrity in fulfilling their responsibilities and comply with all Applicable Laws (*as defined below*).

The Company seeks to encourage an open, ethical and compliant culture and welcomes employees sharing their genuine concerns regarding substantive risks, wrongdoing or noncompliance to help achieve this aim.

The Companies Act, 2013 and the rules framed therein (the “**Act**”) and the revised corporate governance norms issued by the Securities and Exchange Board of India (“**SEBI**”) require every listed company to establish a vigil mechanism. Specifically, Regulation 22 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**Listing Regulations**”) and Section 177(9) of the Companies Act, 2013 mandate that the vigil mechanism provide adequate safeguards against victimization of persons who use such mechanism and make provisions for direct access to the Chairman of the Audit Committee in appropriate or exceptional cases. Further, Regulation 46 of the Listing Regulations requires the Company to disclose the existence and details of this vigil mechanism on its website and its Annual Report.

This Whistleblower Policy (“**Policy**”) is framed for the Company in the context of these statutory requirements and to put in place an appropriate framework for this purpose.

2.0 Objective:

The purpose of this Policy is to enable a person who observes an unethical practice/non-compliance to approach the Company without necessarily informing their supervisors and without revealing their identity if they so choose.

This Policy governs reporting and investigation of allegations of suspected serious irregularities within the Company. This Policy assures protection to the Staff Members/Directors/officers raising a concern about such irregularities from any negative consequences. In all instances, the Company retains the prerogative to determine when circumstances warrant an investigation and, in conformity with this Policy and Applicable Laws, the appropriate investigation process would be followed.

This Policy recognizes the possibility for leakage or abuse of information relating to complaints which may risk damaging reputations. The Policy therefore requires the strictest confidentiality to be maintained in all respects (i.e. that there is an allegation, what is alleged, who has or may have made the allegation and against whom) and by all parties.

3.0 How Whistleblower Policy helps better Corporate Governance:

This Policy seeks to improve corporate governance by fostering a compliant and ethical culture through:

- (a) Early detection of wrongdoings, frauds, wastages, illegal activities and significant risks; and
- (b) Bringing in an extra check on compliance with the Code and Applicable Laws.

To this intent, genuine Whistleblowers are accorded complete protection from any kind of unfair treatment.

4.0 Scope:

This Policy covers all Employees, Directors, officers and other stakeholders of the Company, including vendors, contractors, subcontractors, consultants, trainees, shareholders, former employees, job applicants, and any other third parties who have knowledge of a suspected violation (collectively “Reporting Persons”).

Where the requirements of local laws are different, compliance with these laws shall be additional. This Policy will continue to apply to the Company entities and affiliates in such jurisdictions except and to the extent that there are any contradictions.

5.0 Definitions:

The definitions of some of the key terms used in this Policy are given below. Capitalized terms not defined herein shall have the meaning assigned to them under the Code, the Act, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**Listing Regulations**”), or any other applicable law or regulation (“**Applicable Laws**”), unless the context requires otherwise.

- (a) “**Audit Committee**” means the Audit Committee constituted by the Board (*as defined below*) of the Company in accordance with Section 177 of the Companies Act, 2013 and read with Regulation 18 of the Listing Regulations;
- (b) “**Board**” means the Company’s board of Directors;
- (c) “**Staff Member**” means every employee of the Company including a trainee and persons on contract (whether working in India or abroad);
- (d) “**Code**” means the Company’s Code of Conduct;
- (e) “**Compliance Officer**” means the Company Secretary of the Company as appointed under the provisions of the Act;
- (f) “**Good Faith**”: means honest belief in the truth of one’s report, without malice or any improper motive. A report shall not be considered to be in Good Faith if the Whistleblower knew or ought to have known reasonably that the information was false at the time of reporting;
- (g) “**Insider Trading Code**” means Company’s code to prohibit, regulate, monitor and report insider trading in the Company as adopted pursuant to applicable SEBI regulations;
- (h) “**Investigators**” mean those persons authorized, appointed, consulted or approached by the Compliance Officer/Chairman of the Audit Committee and includes the auditors of the Company and the police;
- (i) “**Protected Disclosure**” means any disclosure made in good faith that discloses or demonstrates information that may evidence unethical and improper activity;

- (j) “**Whistleblower**” means any Reporting Person as defined in Section 4 of this Policy (including employees, Directors, officers, vendors, contractors, former employees and other third parties) raising a concern/allegation under this Policy.

6.0 Applicability of Policy:

If any Whistleblower observes any malpractices or events alleging any financial impropriety or irregularity (including but not limited to due to fraud, manipulation, wrong disclosures, unauthorized disclosure of unpublished price sensitive information (“**UPSI**”), falsification of records, kickbacks, pursuit of benefits in violation of Company policies, violation of Applicable Laws and/or Company’s policies, he/she may without any fear of retribution blow the whistle and raise an alarm.

All Staff Members, Directors, officers, and group companies are required to follow the Company’s Code of Conduct for Ethical Behaviour, available on the Company’s intranet.

Matters pertaining to the following will be addressed through separate grievance redressal mechanism, as may be decided by the management from time to time to ensure satisfactory redressal:

- (a) grievances about personal/team dissatisfaction with appraisals and rewards,
- (b) Discrimination-related complaints,
- (c) complaints related to service conditions,
- (d) sexual harassment,
- (e) requests of a personal nature.

Duty to Report: Employees are encouraged to promptly report concerns where they reasonable believe a violation may have occurred.

7.0 Disqualifications:

- (a) Grievances related to personal matters will not be considered within the ambit of this Policy.
- (b) Protection under this Policy would not mean protection from disciplinary action arising out of any false or bogus allegation made by a Whistleblower knowing it to be false or bogus or with a mala fide intention. While it will be ensured that genuine Whistleblowers are accorded complete protection from any kind of victimization or unfair treatment as herein set out, any abuse of this protection will warrant action, as determined by the Audit Committee / Board. Having said that, the Company clearly understands that some complaints may not result in any finding of wrongdoing or action at a later stage even though they are made in good faith. In such circumstances, no action would be initiated against the Whistleblower. It is also clarified that this process should not be used as a grievance redressal mechanism.
- (c) Appropriate disciplinary action may be taken for complaints determined to be malicious or knowingly false.
- (d) In such cases, the Audit Committee or the Board of Directors reserves the right to take or recommend appropriate action against the concerned Whistleblower. Prior to initiating any action, the Audit Committee or Board will provide the individual with an opportunity to explain their conduct.
